Community Connections

Residential Support

individualized

Our residential services are specifically designed to meet the unique needs of each of the people that we support.

Ideally, services are created that will support each person's wishes and dreams by providing an appropriate level of support. This would include the supports necessary to have positive relationships with family, friends and community.

creative

We have extensive experience developing creative and community based models of support.

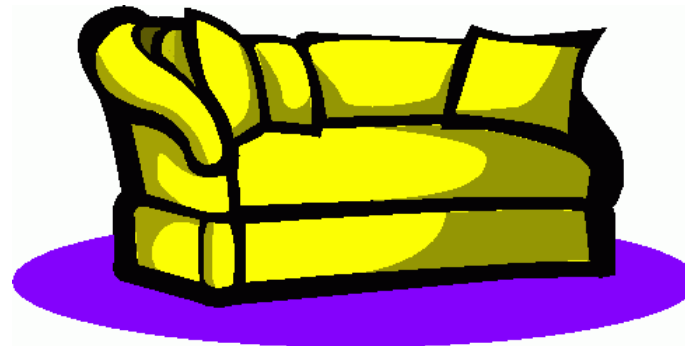

We have been extremely creative with the implementation of our services and have utilized shared contracting, roommate and lifesharing models of support to save costs, enhance services and offer a choice in services for the people we support.

home

We recognize that our responsibility as support workers is to make sure that we minimize the clinical nature of our role. We must focus on creating a warm, welcoming and accessible home for the people we support and always make this our priority.

While it is the workplace for the employees of our agency, we are ever mindful that it is the home of the people for whom we serve.

We do this by celebrating the successes of the people we support with their friends and family and by creating a warm, welcoming environment that is inclusive and supportive to all.

comprehensive

We design our services based on a 24 hour a day/ seven days per week model and offer the people we serve a full range of support services created to meet ongoing or changing needs.

For example, we provide life skills, home maintenance and budgeting/ banking supports as well as a full range of personal care services for those people who require them.

learn more

Currently, our agency provides contracted services for people who have a disability for Community Living BC.

If you would like to know more about how our agency might be able to assist you with your services, please contact us at Community Connections Support Services. Our information is on the back of this brochure.

To learn more about other models of service in residential services in your area, please contact your local Community Living BC representative.
