

Home Sharing: Tell us about Your Experience

Community Living BC (CLBC) is looking to improve home sharing referrals, matching process and crisis response.

As someone with lived experience, or supporting someone living in home sharing, you can make an important contribution to help inform improvements we will be making in 2020 with our partners, the BC CEO Network and the Home Sharing Working Group.

CLBC is inviting individuals living in a home share, their families/personal support networks, Home Sharing Providers and agencies that deliver home sharing to attend one of the 8 consultation sessions we are hosting around the province. Please RSVP as soon as possible as consultations will be on a first come, first served basis to a maximum of 20 people per session. Please identify the time and location in your RSVP email. For those who cannot attend a consultation session, we are also launching an online survey so we can make sure we reach as many people as possible. Information on the survey will be distributed later this month and will be available on our website and through CLBC's social media channels.
