

My Coronavirus Story

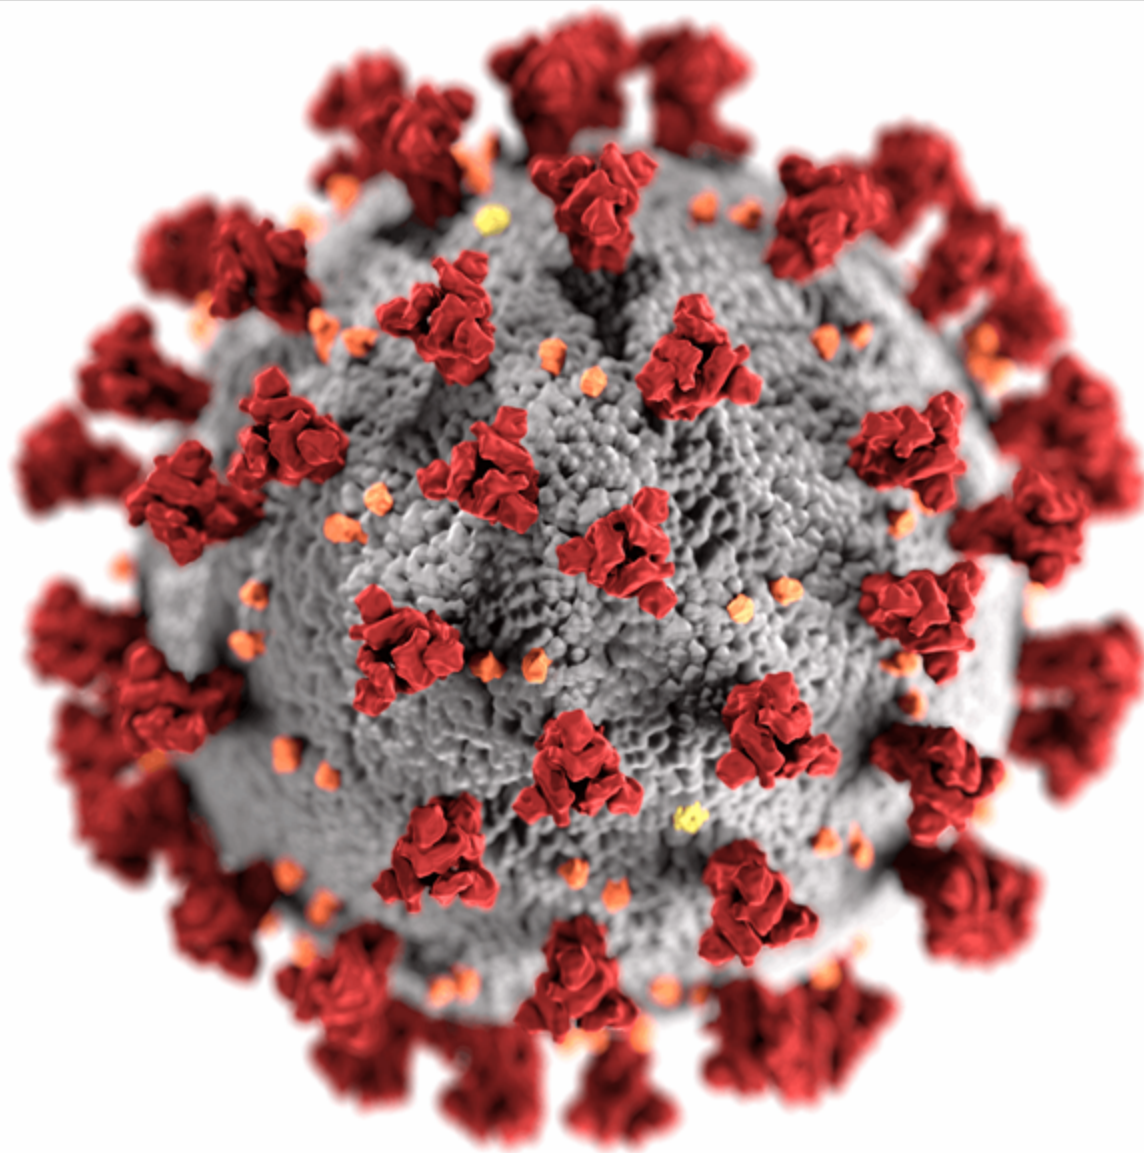

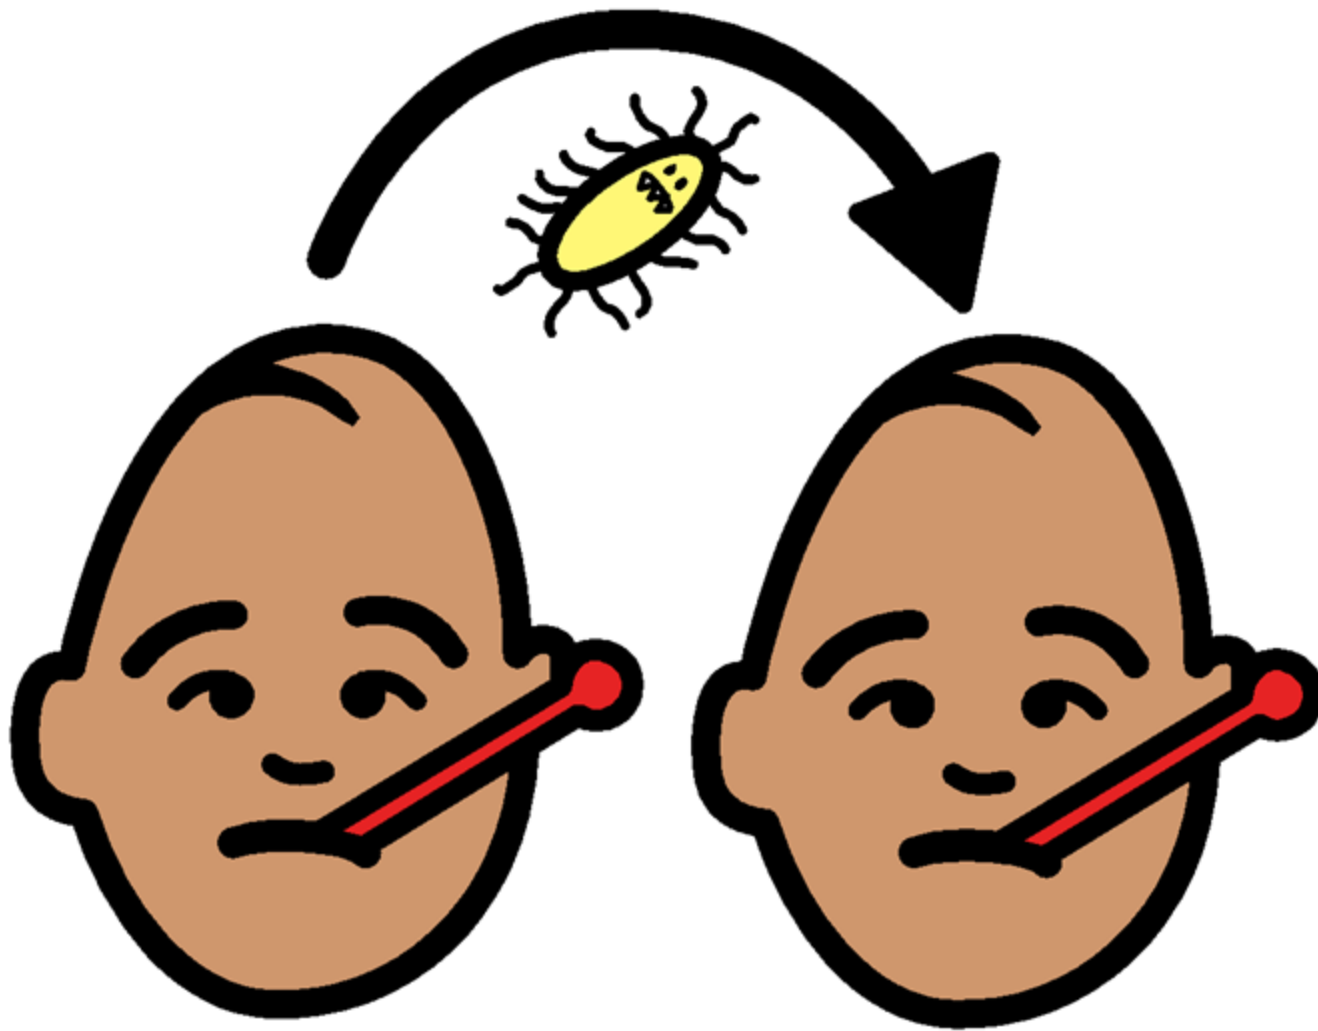

Sometimes people get sick.

When someone gets sick, it is because of germs. Germs are tiny things that live all around us.

There is a new sickness called the Coronavirus.

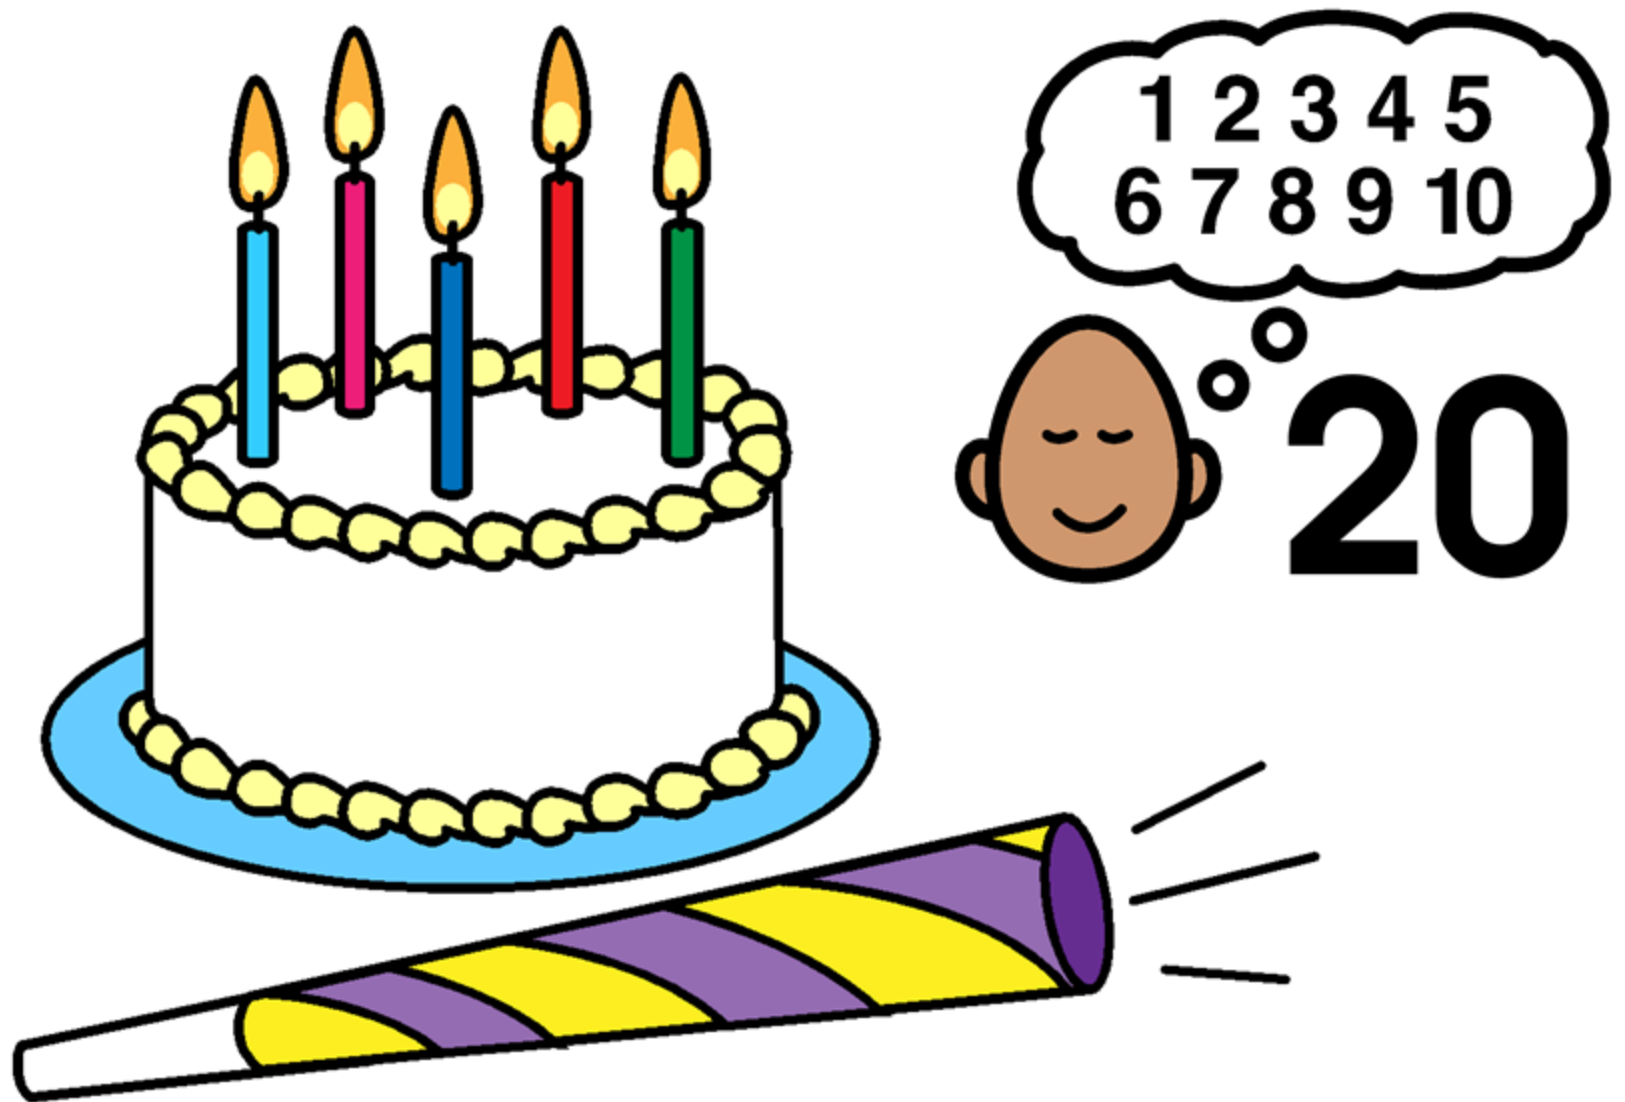

The Coronavirus germs spread VERY easily.

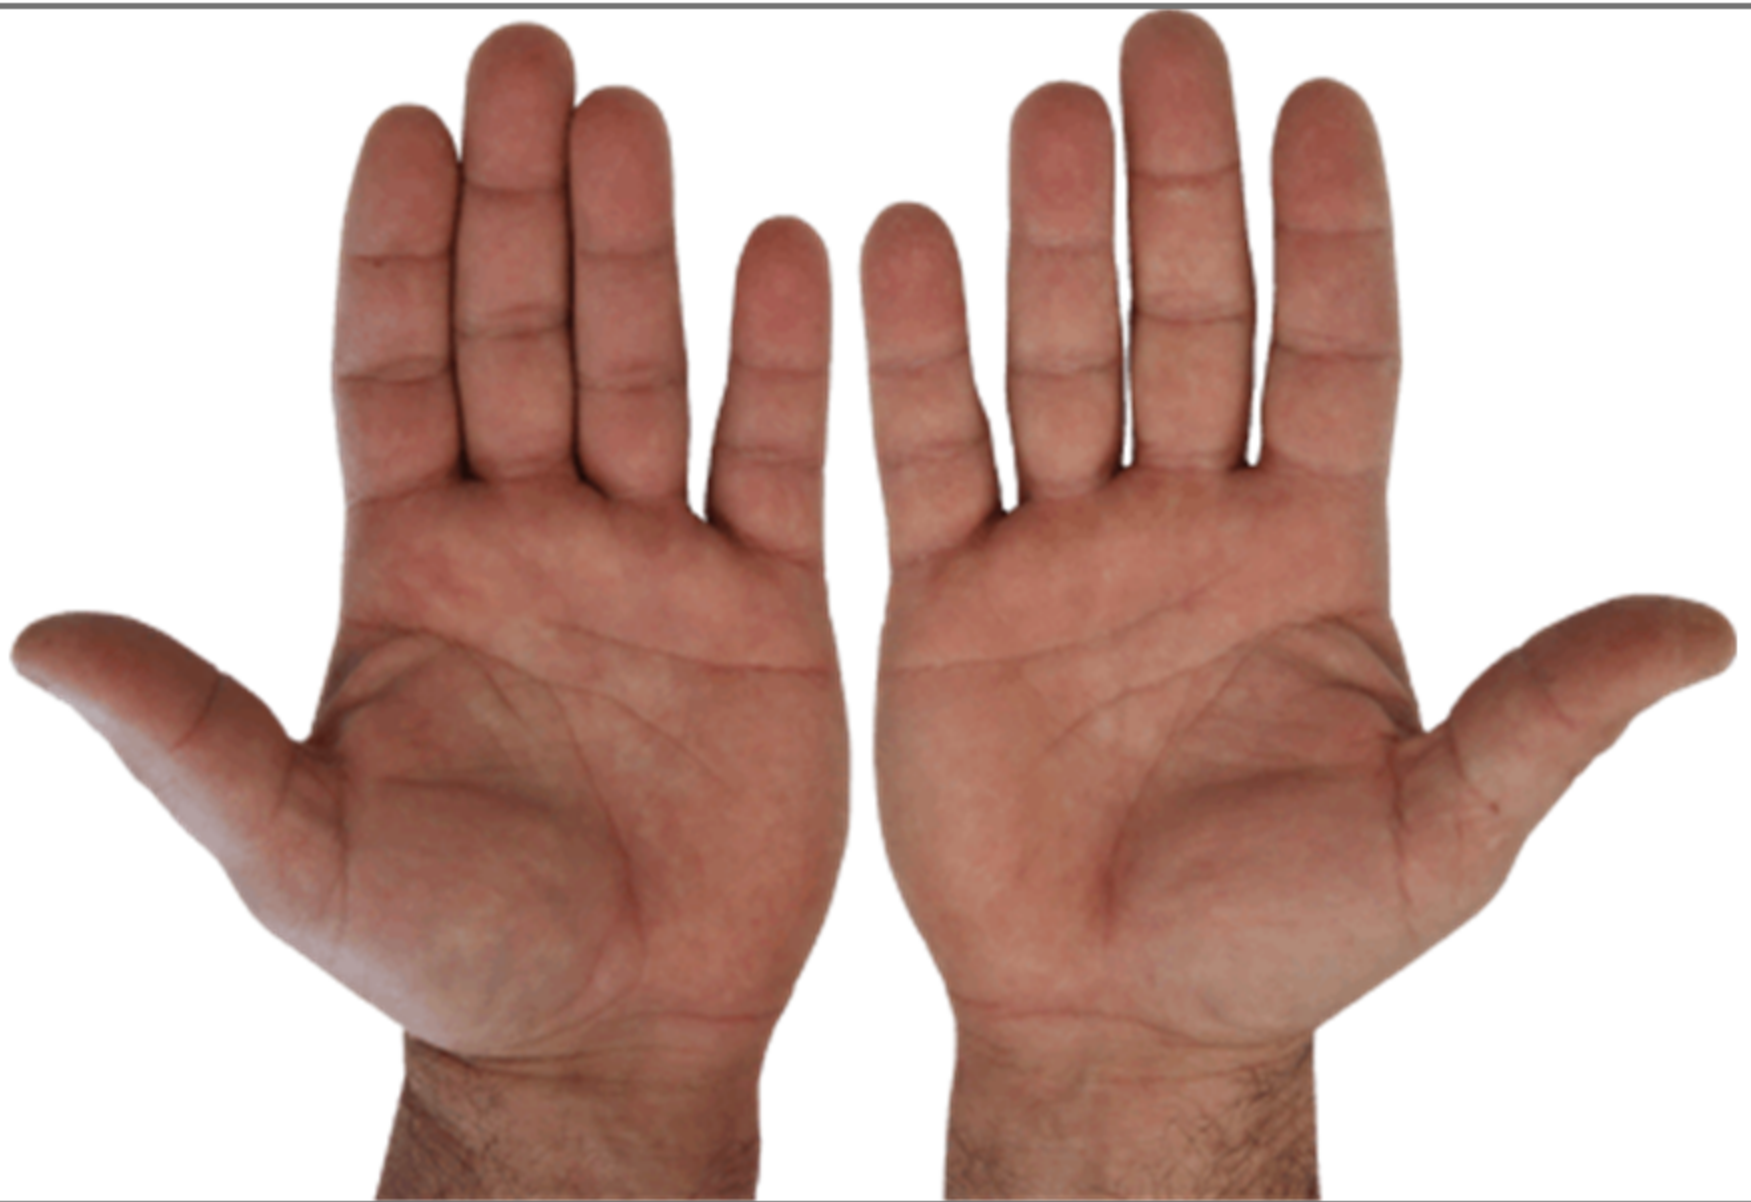

If a bad germ sticks on me, I can get sick.

I need to wash my hands A LOT so that I can stay healthy.

**When I wash my hands, I can sing "Happy Birthday," or
count to 20!**

This will make sure my hands are clean and I stay healthy.

THE END
